

Year 6 World War 1 Project

Spend some time looking at the following websites:

1. Homes 100 years ago
<http://www.bbc.co.uk/schools/0/ww1/25337404>
2. The causes of WW1
<http://www.bbc.co.uk/schools/0/ww1/25365441>
3. Life on the front line
<http://www.bbc.co.uk/schools/0/ww1/25626530>
4. Edith Cavell
<http://www.bbc.co.uk/schools/0/ww1/25405397>

Your task is to create your own research project on WW1 which combines information on the areas you have researched. You will be expected to make your own project book, with a page on each of the areas above. If you would like to look at other websites, or books, that would be fantastic.

Homework is really important for your learning and these projects aim to help you prepare you for what will be expected of you at High School. It is expected that everyone will hand their project in on time. Any overdue, or incomplete projects, will need to be completed during lunchtimes.

We hope the children have fun creating their projects and we are really looking forward to sharing their fabulous work in class.

Deadline: Monday 10th December
