### Ensuring your child is safe.

Children **must** enter the school by the pedestrian gates **only**.

Children must not cross or enter through the car park entrance or exit.

Please ensure your child knows that they must use the pavement of the car park only, so to keep themselves safe.

Thank you.

# PLEASE READ FREE for your children.

## NHS Minor Ailment Scheme

**If you don't pay for your prescriptions**, and your child is under 16, you may be able to use the NHS Minor Ailment Scheme to get advice and, when appropriate, free treatment for certain common illnesses without seeing a GP. **Then you won't pay for the medicine as this service is funded by the NHS.**

## Help for common illnesses

If you want help dealing with a common illness such as a cold, cough or diarrhoea, you may be able to use the free NHS Minor Ailment Scheme at selected pharmacies, including some Boots pharmacies. Our pharmacist will be able to offer advice and may be able to offer you medicines for a minor illness without you having to book an appointment to see your GP.

## Who is the service for?

**Schemes vary between locations**, but the NHS Minor Ailment Scheme is for adults and children who:

- Are registered with a GP surgery which is taking part in the scheme
- Want treatment for a minor illness included in your local scheme

Medicines can be supplied free of charge to the customer if they are exempt from NHS prescription charges.

The NHS Minor Ailment Scheme is available in Scotland and Northern Ireland, but only in selected pharmacies across England and Wales. **Ask your local Boots pharmacy whether they offer the scheme and they'll check if you're eligible to receive it.**

## What minor illnesses are covered?

**Illnesses supported within the scheme may differ between locations.**

Some illnesses covered include:

- Back-ache, sprains and strains
- Colds
- Conjunctivitis
- Constipation
- Coughs
- Diarrhoea
- Earache
- Haemorrhoids
- Hay fever
- Head lice
- Headache and fever
- Heartburn and indigestion
- Insect bites and stings
- Mild eczema and dermatitis
- Minor fungal skin infections
- Mouth ulcers
- Nappy rash
- Sore throat
- Teething
- Threadworm
- Thrush
