### Returning children to school – Years 3, 4 and 5

Dear parents and carers,

The Governing Body has met and fully considered the risks and benefits of returning groups of children to school. The Governors are fully supportive of returning children to school and will start with **Year 6 children only**.

There is a lot of work to do to make sure that the school is as safe as we can make it and that the relevant paperwork and planning is in place. We will use an online questionnaire for all remaining year groups so that we can plan for the numbers of children intending to return. Please expect to be contacted when it is time for your child's year group to return.

Returning children to school takes a great deal of organising. **You will not be able to bring your child into school until set dates and after discussion with the school.**

Children returning to school will be in school two days per week, at least to start with. We will inform you which days these are. It is vital that we keep groups of children together and that we do not risk spreading the virus if anyone contracts it.

So, please wait for the school to contact you about a return. If you intend for your child to remain at home for the rest of the term, further home learning guidance and suggestions will follow. We respect and understand your decision.

If your circumstances have changed and you are now in the key worker group and need child care, please contact the school.

Yours sincerely,

*HJ McCarney*
