

Learning WEEK 12 – Music

Year 3

Weekly Maths Tasks (Aim to do 1 per day)	Weekly Reading Tasks (Aim to do 1 per day)
<p>Monday- Encourage your child to watch this video about angles and learn the names of different angles such as right angles, obtuse and acute angles.</p> <p>Tuesday- Ask your child to become a shape scavenger! How many examples of different 2D and 3D shapes can they find around the home/garden? Can they create a tally and sort the shapes they find based on their properties? e.g. number of sides/edges, number of pairs of parallel lines.</p> <p>Wednesday- Ask your child to write their name in capital letters and see how many angles they can see in each letter. How many right angles? How many acute and obtuse angles? Repeat for other family names.</p> <p>Thursday – Write a song about the shapes you have learnt about. Can use pots and pans to make a beat to your song?</p> <p>Friday- Practise multiplying multiples of 10 using known facts and place value, e.g. $70 \times 3 = 210$, I also know that $3 \times 70 = 210$.</p>	<p>Monday - Look with your child at this poster pack of musical styles. Read through the information for each musical style and find a song to listen to. Ask your child to identify their favourite music styles giving reasons for their choice.</p> <p>Tuesday - Ask your child to find the lyrics to their favourite song and highlight some creative words used, finding out the meaning of new words.</p> <p>Wednesday – Do you have any CDs or records in the house? If so, ask your child to organise them in alphabetical order or by genre. If not, provide them with a list of musicians where they can do the same thing.</p> <p>Thursday – Visit Audible and let your child choose a book to listen to. Ask them to write a review when they have finished (free audio books available).</p> <p>Friday – Your child can listen to BBC School Radio music episodes here. These episodes are based on Treasure Island and your child will learn new songs.</p>
Weekly Spelling Tasks (Aim to do 1 per day)	Weekly Writing Tasks (Aim to do 1 per day)
<p>Monday- Ask your child to learn to spell the names of an instrument from each of the instrument families (strings, woodwind, brass, keyboards, and percussion).</p> <p>Tuesday- Practise spelling these words: measure, treasure, pleasure, enclosure. Can your child write a definition for each of these words?</p> <p>Wednesday- Ask your child to unscramble these musical words: empot, demloy, epslu, narhmoy & rrecsttuu.</p> <p>Thursday- Memory. Write as many of your spellings down from memory as you can. How many did you recall? Practise any you have missed.</p> <p>Friday- Practise the Y3/4 spellings in this fun, interactive way. Encourage your child to note down any words they are unfamiliar with and clarify them.</p>	<p>Monday- Visit the Literacy Shed for this wonderful resource on Once in a Lifetime or take part in a writing masterclass.</p> <p>Tuesday- Listen to the piece of music called Peter and the Wolf, written by Prokofiev. Whilst listening, encourage your child to list any words that come to mind e.g elation, cheerfulness. They could also draw a picture of what they think the song represents.</p> <p>Wednesday- Now read the story. Ask your child to write their own story that would be great told through music or draw a story map to represent this tale. Can they include speech too?</p> <p>Thursday- Your child can make a mini-book about the instrument families. Include: names of instruments within that family, famous musicians who use them, country of origin and labelled illustrations.</p> <p>Friday- Invent a new instrument. Ask your child to write a fact file about their instrument or design an advert for when the instrument goes on sale.</p>

Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about music. Learning may focus on famous musicians, listening to and performing music and exploring a range of music genres and instruments.

- **Lean On Me** - Encourage your child to listen to [Lean On Me](#), a Soul/Gospel song by Bill Withers. Do they like it? What instruments can they hear? Can they clap a rhythm? Learn to sing the lyrics and have a go at performing the song. Perhaps your child would like to research this famous artist in more detail and listen to more of his songs, creating an artist profile complete with portrait sketch. Perhaps they could perform the song to a family member via Facetime (with adult supervision)? Share your performance at [#TheLearningProject](#).
- **Musical Makes** - Ask your child to try creating their own music instrument. They could make their own pan flute using straws, a cereal box guitar, or some tin can drums. Encourage them to plan their design first, source materials from around the house, write the steps to make the product and then evaluate it afterwards. Or they could research Kandinsky and create their own instrument art inspired by his work whilst listening to different genres of music.
- **Feel the Beat** - Why not ask your child to have a go at moving their body to different genres of music. As you change between Rock, Jazz, Hip Hop, Heavy Metal and Classical music, how does the way they move their body change? Have a dance together to the beat of the music! **Recommendation at least 2 hours of exercise a week.**
- **Listen Together** - Encourage your child to ask each family member what their favourite song is. Play the song aloud and listen together. Spend some time as a family discussing what genre of music the songs belong to and how each piece of music makes you feel. Which genres of music were the most popular? Can your child represent their results in a bar chart. They could ask family members to rank their favourite genres of music first.
- **Musical Movie Time** - Allow your child to choose an age-appropriate musical to watch. Andrew Lloyd Webber is now posting filmed versions of his shows on his Youtube channel [The Shows Must Go On!](#) each week! Discuss the story behind the musical and ask your child to step into the shoes of different characters and imagine how they are feeling. Which is your child's favourite song from the film/show and why? Can they create a billboard poster advertising the show? Or perhaps design a ticket?

Watch the how to video this week and have a go at the activity!

The change that Covid-19 has caused to our lives has been difficult and has provided countless challenges. For many children, the uncertainty and disruption to everyday life has caused worry and anxiety. These tasks are designed to help children process the current situation, begin to make sense of it and plan for returning to a different normal.

Think

- Inevitably, your child is likely to have many questions about the Coronavirus, how to stop the spread and what will happen next. [This eBook](#) answers many of the questions and is a helpful starting point for a discussion around their concerns, particularly if they are returning to school soon.

Talk

- School is going to look very different for all children, parents and staff. Social distancing is going to provide an extra challenge for learning. Plan ways that you can still be social whilst social distancing by asking your child to draw illustrations e.g smiling back at people when they smile at you or asking people how they are feeling.

Do

- As well as feeling excited, your child may have many worries about returning to/ being at school. Complete a problem planner with your child, thinking about what their worries are, scaling how concerned they are about each specific problem and planning steps to support any concerns. [This template](#) may help.

Visit

[Childline](#) has a bank of activities to encourage your child to share their worries. [This factsheet](#) explains anxiety in a suitable way for children.

- [BBC Bitesize](#) - Lots of videos and learning opportunities for all subjects.
- [Classroom Secrets Learning Packs](#) - Reading, writing and maths activities for different ages.
- [Twinkl](#) - Click on the link and sign up using your email address and creating a password. Use the offer code UKTWINKLHELPS.
- [White Rose Maths](#) online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).
- [Times Table Rockstars.](#)
- IXL online. Click here for [Year 3](#). There are interactive games to play and guides for parents.
- [Mastery Mathematics Learning Packs.](#) Take a look at the mastery mathematics home learning packs with a range of different activities and lessons.
- [Y3 Talk for Writing Home-school Booklets](#) an excellent resource to support your child's speaking and listening, reading and writing skills.
